About Elixir

Introducing Elixir Wellness, a pioneering establishment that stands unrivaled in its innovative blend of health, wellness, beauty, aesthetics, and anti-aging solutions.

By synthesizing state-of-the-art scientific advancements in medical wellness, genomics, regenerative medicine, and aesthetics, we have developed a holistic approach that caters to your overall well-being, establishing a new gold standard in the realm of integrated wellness.

Elixir is revolutionizing the way we approach health, wellness, and self-care by seamlessly integrating diverse disciplines and offering a one-stop destination for those seeking to improve their quality of life. As the first-ever center of its kind, Elixir Wellness is committed to delivering the most cutting-edge and effective treatments for both inner health and outer beauty.

Welcome to the Future of Wellness

At Elixir, we believe that true health and well-being can only be achieved through a deep understanding of each individual's unique needs.

Our revolutionary approach to wellness combines cutting-edge technology, data-driven insights, and personalized care to address the all factors of the Elixir Health Spectrum.

The Elixir OctaveTM

The Elixir Octave, our innovative elements map stands out as a one-of-a-kind wellness strategy designed to encompass the diverse range of therapies by seamlessly integrating a range of disciplines, ensuring a holistic journey towards improved health, vitality, and well-being.

Each of the eight components plays a crucial role in enhancing your physical, mental, and aesthetic wellness, working synergistically to deliver unparalleled results.

Oxygenation

Optimize cellular health and boost energy levels with oxygen therapy.

Vitamin Therapy

Replenish your body with essential vitamins, minerals and antioxidants through targeted infusions for optimal health.

Aesthetics

Elevate your appearance with cosmetic procedures, advanced skincare treatments, body sculpting and cutting-edge beauty technologies.

Thermodynamics

Experience the healing effects of heat and cold therapies to enhance recovery, reduce inflammation, and improve circulation.

Nutrigenomics

Unlock the benefits of personalized nutrition plans and supplementation to support overall wellness and cellular health.

Luminescence

Harness the power of light therapy to rejuvenate skin, accelerate healing, and improve mood.

Regeneration

Regenerative stem cell therapies to promote healing, restore tissue function, and reverse the signs of aging.

Kinetics

Improve strength, endurance, and mobility through tailored programs

The Elixir Labs™

- **Wellness Lab**

Discover the transformative wellness services at Elixir Wellness, designed to unlock your inner superhuman. Our cutting-edge therapies focus on elevating your energy, accelerating recovery, and optimizing mental and physical fitness to create an extraordinary version of yourself.

- **Aesthetics lab**

Welcome to the Aesthetics Lab at Elixir Wellness, where beauty and science harmoniously blend to deliver exceptional aesthetic transformations. Our state-of-the-art facility is designed to provide you with a comprehensive range of advanced treatments and cutting-edge technologies to address your unique skin, face, and body concerns.

- **Anti-ageing lab**

Introducing the Anti-Aging Labs at Elixir Wellness, where groundbreaking technology and holistic wellness converge to combat the signs of aging and promote overall vitality. Our state-of-the-art facility is dedicated to providing a comprehensive range of advanced treatments, including Hyperbaric Oxygen Therapy (HBOT), to address the root causes of aging and help you rediscover your youthful radiance.

Wellness Lab Protocols

Explore the world of biohacking at Elixir Wellness, where we incorporate cutting-edge techniques to enhance recovery, boost metabolism, improve performance, elevate libido, and strengthen immunity. Our innovative approach to biohacking is designed to optimize your body's natural processes, enabling you to reach new heights in overall health and vitality.

Biohacking Therapies:

- Micronutrient IV Infusions
- Hyperbaric Oxygen
- Whole Body Cryotherapy
- Localised Cryotherapy
- Far Infrared Red Light Sauna
- Regenerative Stem Cell Therapy
- Lymphatic Drainage
- Normatech Compression
- Chiropractic Adjustments
- Medical Cupping
- Trigger Point Release
- Sports Massage
- Nutrigenomics

360 Consultation:

- Bespoke Medical Evaluation
- Covering The Elixir Health
- Spectrum
- Biomarkers Assessment

Wellness Lab

Introducing Biomarkers Testing at Elixir Wellness, a comprehensive and personalized approach to understanding your health and wellness through the analysis of vital biomarkers in your blood. Our expert clinical team examines a wide range of biological indicators to provide insights into your current health status, identify potential risk factors, and offer tailored recommendations for optimizing your well-being.

Biomarkers

- Comprehensive insights into your overall health and wellness
- Identification of potential health risks and early detection of diseases
- Tailored recommendations for lifestyle, nutrition, and wellness interventions
- Enhanced understanding of your body's unique biological processes
- Support for optimal immune system function Empowerment to make informed decisions about your longterm health
- Promotion of personalized and proactive healthcare

Micronutrient IV Infusions

Micronutrient IV Infusions

Introducing IV Therapy at Elixir Wellness, a powerful and innovative treatment designed to rejuvenate your body from the inside out.

Our specialized IV Therapy formulations cater to three key areas:

- **Wellness**
Boost overall health, support immune function, and enhance mental clarity.
- **Recovery**
Accelerate healing, reduce inflammation, and relieve pain or discomfort.
- **Beauty**
Promote radiant skin, healthy hair, and strong nails, while combating signs of aging.

Benefits:

- Rapid hydration and replenishment of vital nutrients
- Enhanced energy levels and mental clarity
- Immune system support and overall wellness
- Detoxification and improved cellular function
- Reduced recovery time from illness or physical activity
- Relief from stress, fatigue, and chronic conditions

Hyperbaric Oxygen

Hyperbaric Oxygen

Hyperbaric Oxygen Therapy at Elixir Wellness, a state-of-the-art treatment designed to enhance your body's natural healing processes and overall well-being. Our advanced hyperbaric chambers deliver 100% pure oxygen at increased atmospheric pressure, allowing for greater oxygen absorption and utilization by your body's cells.

Hyperbaric Oxygen Therapy targets a variety of wellness and recovery-related conditions such as:

- Sports injuries and post-surgical recovery
- Skin conditions, including aging and acne
- Compromised immune function and frequent illness
- Neurological conditions and brain health
- Decreased libido and sexual function
- Chronic fatigue syndrome and fibromyalgia
- Recovery from intense physical activity
- Improved sleep quality

Benefits:

- Enhanced wound healing and tissue repair
- Reduced inflammation and swelling
- Improved immune system function
- Increased energy levels and mental clarity
- Promotion of collagen production for healthier skin
- Relief from stress, fatigue, and chronic pain
- Increased Libido and sexual performance

Whole Body Cryotherapy

Whole Body Cryotherapy

Whole Body Cryotherapy at Elixir Wellness promotes overall wellness, enhance recovery, and support fat loss.

The cryotherapy chamber exposes your body to extremely low temperatures for a short duration, activating your body's natural healing, repair, and metabolic mechanisms.

WBC targets a variety of wellness and recovery-related conditions such as:

- Muscle soreness and sports injuries
- Post-surgical recovery and inflammation
- Chronic pain and joint pain relief
- Strengthening immune function and overall wellness
- Mood disorders, such as anxiety and depression
- Supporting fat loss and improving metabolic function

Benefits:

- Reduced inflammation and pain relief
- Improved immune system function and overall health
- Increased energy levels and metabolic boost for enhanced fat loss
- Enhanced athletic performance and muscle recovery
- Improved mood and relief from stress
- Activation of the body's natural detoxification processes

Local Cryotherapy

Whole Body Local Cryotherapy at Elixir Wellness is designed to promote overall wellness, enhance recovery, and support fat loss. Our chambers expose your body to extremely low temperatures for a short duration, activating your body's natural healing, repair, and metabolic mechanisms.

Local Cryotherapy targets a variety of wellness and recovery-related conditions such as:

- Muscle soreness and sports injuries
- Localized inflammation and swelling
- Chronic pain and joint pain relief
- Skin conditions, such as eczema, psoriasis, and dermatitis
- Tendonitis, bursitis, and other soft tissue injuries
- Recovery from intense physical activity

Benefits:

- Precise targeting of inflammation and pain relief
- Accelerated healing in injured or affected areas
- Improved blood circulation and nutrient delivery
- Reduced muscle soreness and enhanced recovery
- Relief from chronic pain and joint discomfort
- Boosted collagen production for healthier skin

Far Infrared Sauna

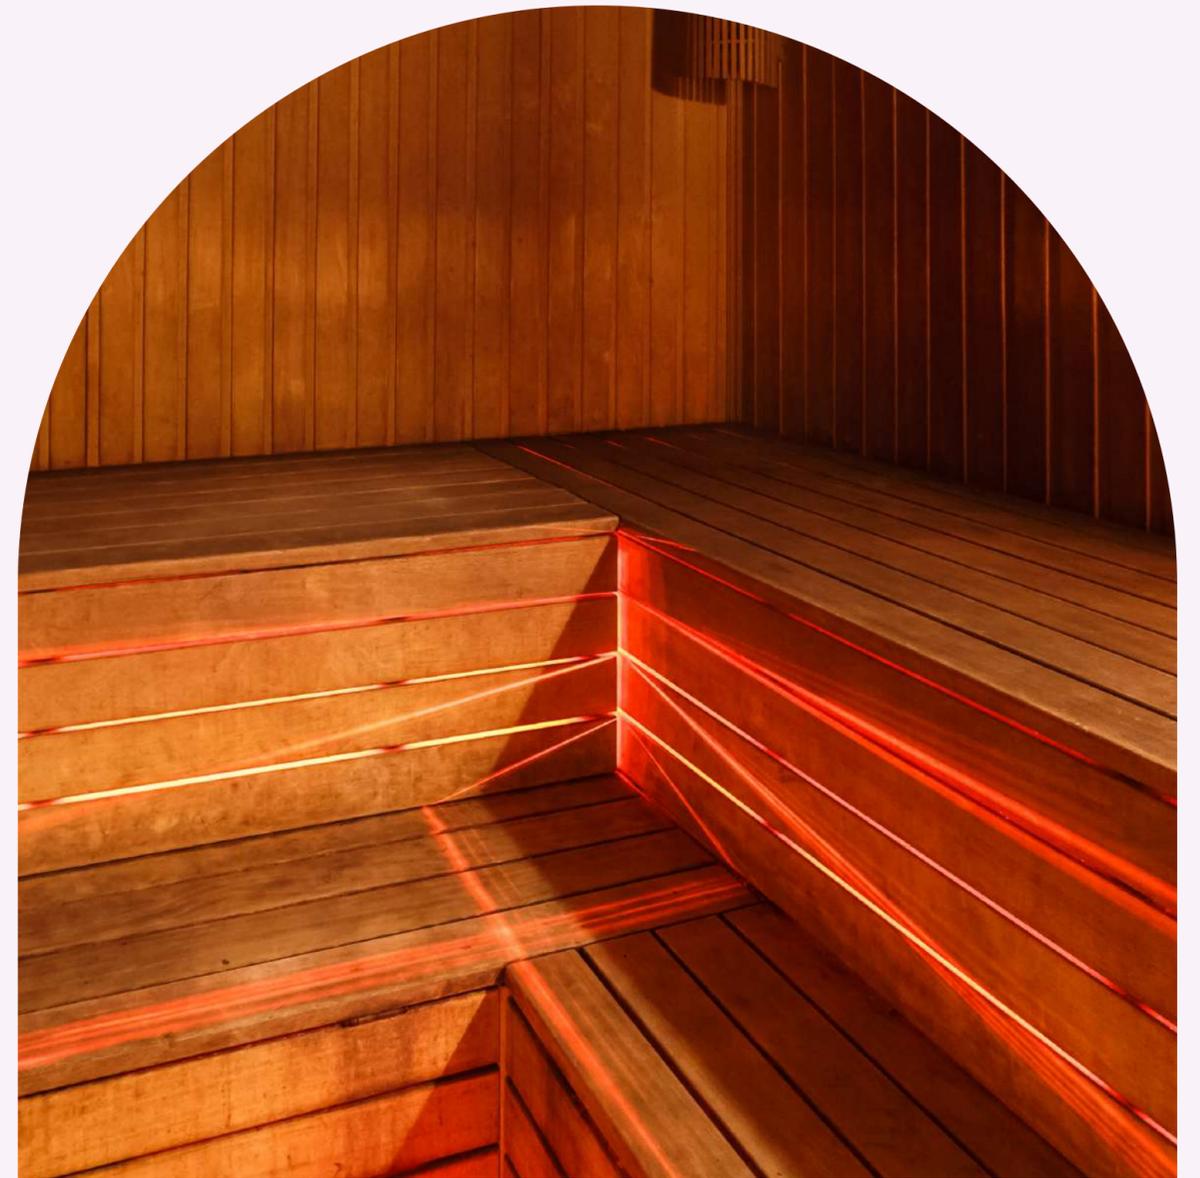

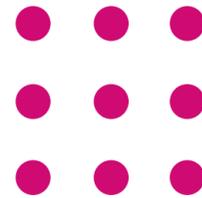

Far *i*nfrared Sauna

The Far Infrared Light Sauna at Elixir Wellness, a soothing and rejuvenating treatment enhances overall wellness and promote relaxation. Our sauna uses gentle heat and infrared light to penetrate deep into your body's tissues, stimulating your body's natural detoxification, healing, and relaxation processes.

FAR INFRARED Sauna targets a variety of wellness and recovery-related conditions such as:

- Detoxification and elimination of environmental toxins
- Weight management and metabolic health
- Sleep disorders, such as insomnia
- Arthritis and joint stiffness relief
- Respiratory conditions, such as asthma and bronchitis
- Lymphatic drainage and immune support
- Fibromyalgia and chronic fatigue syndrome relief
- Improved cardiovascular health and blood pressure regulation

Benefits:

- Improved blood circulation and oxygen delivery to tissues
- Enhanced muscle relaxation and relief from tension
- Strengthened immune system function
- Stress relief and improved mental wellbeing
- Boosted collagen production for healthier skin
- Increased calorie burn and weight management support

Lymphatic Drainage at Elixir Wellness optimizes lymphatic function, supports detoxification, and enhances overall wellness. Our innovative suit utilizes compression technology to apply rhythmic pressure along your body, stimulating the movement of lymph fluid and promoting healthy lymphatic drainage.

Lymphatic Drainage targets a variety of wellness and recovery-related conditions such as:

- Lymphedema and other lymphatic disorders
- Chronic fatigue and low energy levels
- Stress, anxiety, and mood imbalances
- Muscle recovery and sports performance enhancement
- Weight management
- Post-surgical recovery and edema management

Lymphatic Drainage

Benefits:

- Improved lymphatic circulation and elimination of toxins
- Reduced swelling and inflammation in the body
- Enhanced immune system function
- Relief from muscle soreness and fatigue
- Promotion of relaxation and stress relief
- Support for weight management and cellulite reduction

Normatec Compression Therapy

- ● ● Normatec Compression Therapy at Elixir Wellness enhances muscle recovery and promotes circulation. The compression system utilizes patented PULSE technology to apply dynamic pressure along your limbs, mimicking the natural muscle pump of your body and promoting efficient blood flow and lymphatic drainage.

Normatec Compression Therapy targets a variety of wellness and recovery-related conditions such as:

- Muscle soreness, fatigue, and sports injuries
- Athletic performance enhancement and recovery
- Poor circulation and venous insufficiency
- Support for detoxification and cleansing programs
- Stress, anxiety, and mood imbalances

Benefits:

- Accelerated muscle recovery and reduced soreness
- Improved blood circulation and oxygen delivery to tissues
- Enhanced lymphatic drainage and elimination of toxins
- Reduced swelling and inflammation
- Relief from muscle tightness and tension
- Support for post-workout recovery and sports performance
- Promotion of relaxation and stress relief

Chiropractic adjustments targets a variety of wellness and recovery-related conditions such as:

- Back, neck, and joint pain or discomfort
- Sciatica, herniated discs, and spinal stenosis
- Headaches and migraines
- Sports injuries and musculoskeletal disorders
- Postural imbalances and scoliosis
- Nerve compression and pinched nerves

Benefits:

- Relief from back, neck, and joint pain
- Improved range of motion and flexibility
- Enhanced posture and spinal alignment
- Reduced muscle tension and discomfort
- Strengthened immune system function
- Promotion of relaxation and stress relief
- Support for injury prevention and overall body balance

Chiropractic adjustments

Chiropractic Adjustments at Elixir Wellness, restores balance, alleviates pain, and enhances overall wellness. Our skilled chiropractors employ specialized techniques to adjust and manipulate your spine, joints, and surrounding tissues, correcting misalignments and promoting optimal nervous system function.

Medical Cupping

Medical Cupping at Elixir Wellness promotes healing and alleviates pain. Our skilled practitioners employ the use of specialized cups placed strategically on the skin, creating a suction effect that increases blood flow, stimulates the release of toxins, and encourages the body's natural healing processes.

Medical Cupping targets a variety of wellness and recovery-related conditions such as:

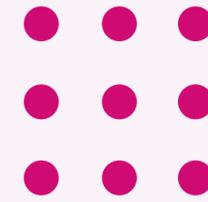

- Muscle soreness, fatigue, and sports injuries
- Chronic pain conditions, such as fibromyalgia and arthritis
- Headaches and migraines
- Respiratory disorders, such as asthma and bronchitis
- Digestive issues and gastrointestinal discomfort
- Anxiety, stress, and mood imbalances
- Skin conditions, such as acne and cellulite

Benefits:

- Relief from muscle tension, soreness, and discomfort
- Improved blood circulation and oxygen delivery to tissues
- Enhanced lymphatic drainage and detoxification
- Reduced inflammation and swelling
- Support for injury recovery and healing
- Promotion of relaxation and stress relief
- Boosted immune system function

Hypervolt Trigger Point Release

Hypervolt Trigger Point Release at Elixir Wellness alleviates muscle tension, promotes relaxation, and enhance overall wellness. Our skilled practitioners utilize the cutting-edge Hypervolt device, a powerful percussive massage tool that targets tight knots and trigger points within your muscles, facilitating deep relaxation and relief from discomfort.

Hypervolt Trigger Point Release targets a variety of wellness and recovery-related conditions such as:

- Muscle soreness, fatigue, and sports injuries
- Myofascial pain syndrome
- Postural imbalances and muscle tightness
- Stress, anxiety, and mood imbalances
- Recovery from intense physical activity or athletic performance

Benefits:

- Relief from muscle tension, soreness, and discomfort
- Improved range of motion and flexibility
- Enhanced blood circulation and oxygen delivery to tissues
- Reduced inflammation and swelling
- Support for injury recovery and healing
- Promotion of relaxation and stress relief
- Accelerated muscle recovery and sports performance

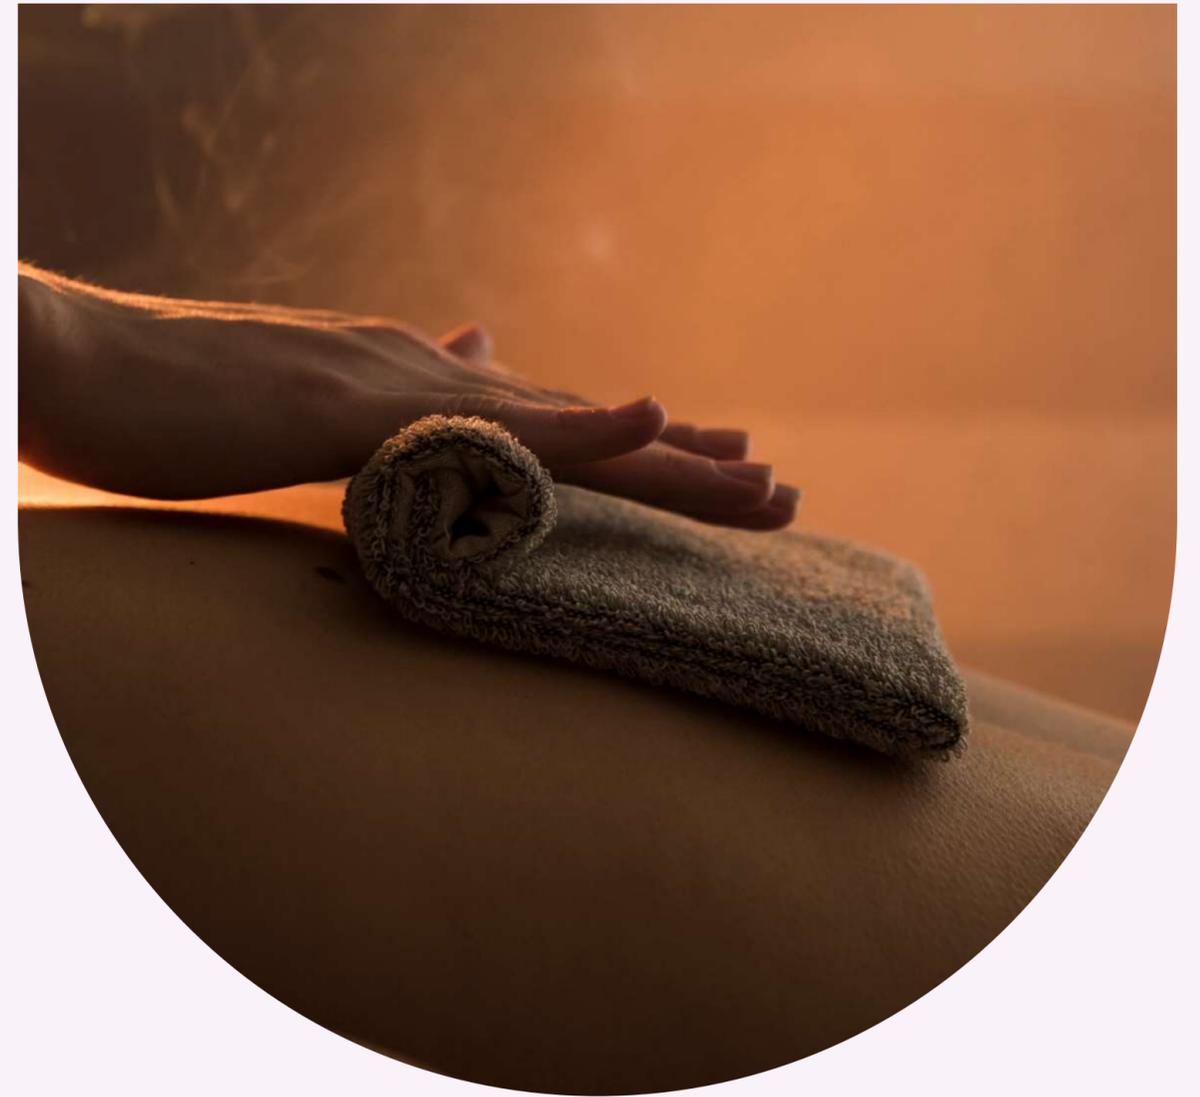

Sports Massage

Sports Massage at Elixir Wellness supports athletes and active individuals in achieving peak performance, promoting recovery, and enhancing overall wellness. Our skilled massage therapists employ a combination of deep tissue, stretching, and pressure techniques tailored to your unique needs, focusing on alleviating muscle tension, improving flexibility, and addressing sports-related discomfort.

Medical Cupping targets a variety of wellness and recovery-related conditions such as:

- Muscle soreness, fatigue, and sports injuries
- Postural imbalances and muscle tightness
- Recovery from intense physical activity or athletic performance
- Pre- and post-event preparation and recovery
- Support for training regimens and performance enhancement

Benefits:

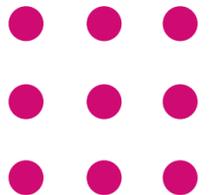

- Relief from muscle soreness, tension, and discomfort
- Improved range of motion, flexibility, and joint mobility
- Enhanced blood circulation and oxygen delivery to tissues
- Accelerated recovery from sports injuries and muscle fatigue
- Support for injury prevention and overall body balance
- Promotion of relaxation and stress relief
- Boosted athletic performance and endurance

Nutrigenomics

Nutrigenomics at Elixir Wellness, a groundbreaking and personalized approach to nutrition and wellness that harnesses the power of your unique genetic makeup. Our expert nutritionists and geneticists collaborate to analyze your DNA, unlocking insights into how your genes interact with the foods you eat, and customizing a dietary plan tailored to your specific needs and goals.

- Weight management and healthy body composition
- Food sensitivities, allergies, and intolerances
- Chronic health conditions, such as diabetes and heart disease
- Nutrient deficiencies and dietary imbalances
- Support for optimal athletic performance and recovery
- Immune system function and overall wellness
- Personalized health and wellness goals

Benefits:

- Personalized nutrition plans based on your genetic profile
- Improved weight management and body composition
- Enhanced energy levels and vitality
- Reduced risk of chronic diseases, such as diabetes and heart disease
- Support for optimal immune system function
- Better understanding of your body's unique nutritional needs
- Promotion of long-term health and well-being

Aesthetics Lab

Aesthetics Lab Protocols

The Elixir Aesthetic lab uses a comprehensive protocol designed to evaluate your face, skin, hair, and body structure in order to provide a complete understanding of your unique aesthetic and wellness needs.

Our expert team employs state-of-the-art diagnostic tools and techniques to assess your individual characteristics and develop a tailored plan for optimization.

- ● ● **Comprehensive Consultation**
- ● ● Our unique Elixir 8-Step Protocol, which offers
- ● ● a personalized approach to beauty and rejuvenation.

- ● ● Discover a personalized approach to beauty and rejuvenation with our unique Face, Skin, and Body Analysis consultation at Elixir Wellness. Our expert practitioners utilize the Global Aesthetic Improvement Scale (GAIS) to accurately assess your aesthetic concerns, ensuring that our treatments are tailored to your specific needs and goals. Experience a transformative journey to your best self with our comprehensive evaluation process and state-of-the-art treatment options.

Our exclusive Face, Skin, and Body Analysis Consultation includes:

- **Personalized Consultation**

Begin your journey with a one-on-one consultation, where we discuss your concerns, aspirations, and medical history. This information helps us create a customized treatment plan that focuses on your unique needs and desired results.

- **Expert Assessment**

Our skilled practitioners perform a meticulous visual inspection of your face, skin, and body, identifying signs of aging, imperfections, and other areas of concern. We evaluate factors such as skin tone, texture, elasticity, body composition and the presence of fine lines or pigmentation.

- **Advanced Imaging**

We capture high-quality photographs from multiple angles, providing a visual baseline for evaluating your treatment progress and measuring results using the GAIS.

- **Cutting-Edge Analysis**

We employ state-of-the-art skin analysis devices and imaging technologies to gather quantitative data on various skin parameters.

- **GAIS Evaluation**

Our experts use the Global Aesthetic Improvement Scale, a standardized evaluation tool, to assess your aesthetic concerns and determine the most effective treatment recommendations. The GAIS evaluates factors such as skin texture, tone, wrinkles, and volume loss, helping us tailor our treatments for optimal results.

- **Customized Treatment Plan**

We develop a comprehensive treatment plan that addresses your specific concerns and enhances your natural beauty. Our approach may include a combination of treatments and products to improve your GAIS score and achieve your desired outcomes

- **Expert Care**

Our dedicated team ensures that you are comfortable and well-informed throughout the treatment process, delivering exceptional care and expertise at every step.

- **Ongoing Support**

We schedule regular follow-up appointments to monitor your progress, reassess your GAIS score, and adjust your treatment plan as needed. Our commitment to your satisfaction ensures that you experience lasting results and a renewed sense of confidence.

Face Lab

Medifacials at Elixir Wellness, a tailored and innovative approach to skincare that addresses a variety of skin concerns through advanced, non-invasive treatments. Our expert estheticians assess your individual skin type and concerns, designing a personalized medifacial experience to target your specific needs and enhance the health and appearance of your skin.

Medifacials at Elixir Wellness offer numerous benefits for skin health, appearance, and rejuvenation, including:

- Customized treatments for a wide range of skin concerns
- Improved skin tone, texture, and clarity
- Reduction of fine lines, wrinkles, and signs of aging
- Targeted solutions for acne, hyperpigmentation, and uneven skin tone
- Enhanced hydration and nourishment for a radiant complexion
- Support for optimal skin barrier function and health
- Promotion of a revitalized and youthful appearance
- Personalized skincare goals and rejuvenation

Face Lab Medifacials

- **Elixir Hydra Facial**

Cutting edge technology used to cleanse, exfoliate and hydrate the skin. This multi-step treatment is trendy and one of the go-to choices of those targeting long-term skin health. Apart from the obvious hydration, this facial is also perfect for treating discoloration, acne, early signs of aging, textured skin, and more.

- **Elixir Hyperoxy RF Facial**

Using magnetic field pulsation, this painless procedure heats up the skin from the inside, completely safely, which boosts the body's collagen production, heating up protein fibers in the skin. All of this scientific stuff results in tighter, smoother skin. The procedure is followed by infusion of various serums as per skin condition.

- **Electroporation with Serum**

An advanced, results-driven therapy that allows optimal product absorption into the deepest layers of the skin, electroporation uses electrical pulses to split open skin cells, safely and effectively.

- **Glutaweis Mini Facial**

The Glutaweis Mini facial utilizes Glutaweis's Radiance Range of products to help you get your skin glowing with the power of glutathione from the outside in. This reduces pigmentation and gives you an immediately glow.

- **Glutaweis Radiance Facial**

The Glutaweis Radiance Facial uses the Glutaweis Radiance Range of products in addition to Elixir's Hydra machine to exfoliate your skin, clean it up, and brighten it to its max. This reduces pigmentation, clears your pores, relaxes your skin and gives you an immediate glow.

- **IsClinical Fire & Ice Facial**

A rejuvenating treatment that bridges the gap between a mild facial and an invasive peel, with no downtime. This facial is results-driven and designed to resurface the skin, treat problematic skin, reduce fine lines, and encourage cellular renewal.

- **The Korean Glass Glow**

This facial is a popular skincare treatment originating from South Korea. It focuses on achieving a radiant, dewy, and glass-like complexion, reflecting the Korean beauty trend known as "glass skin." This trend emphasizes a clear, smooth, and seemingly transparent appearance that mimics the look of glass. The Korean Glass Glow Facial includes multiple steps to hydrate, exfoliate, and nourish the skin.

- **Photobiomodulation (PBM)/ LED Serum Massage**

PBM uses near infrared light to help reduce inflammation and speeds up collagen production. This NASA approved treatment is a great treatment for Anti-aging, Acne Spots, Scar Removal, Smooth skin, Wrinkles, Fine Lines etc.

Face Lab Laser Facials

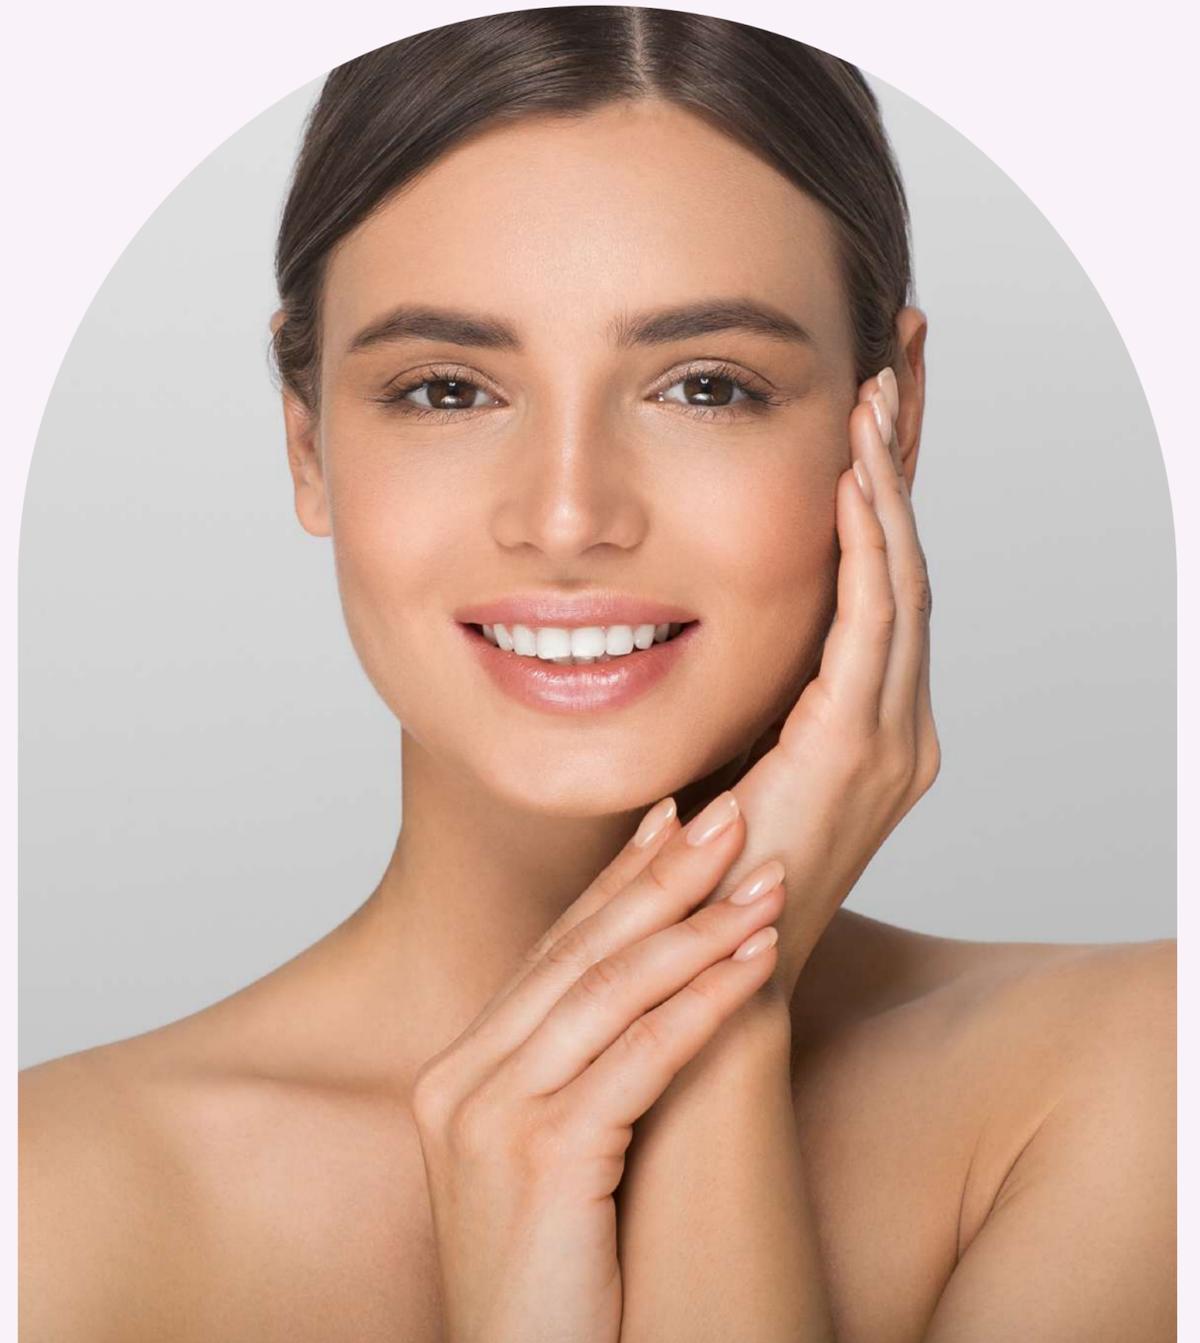

Laser Facials at Elixir Wellness harnesses the power of laser technology to address various skin concerns and rejuvenate your complexion. Our expert estheticians utilize state-of-the-art laser equipment to deliver safe, effective, and non-invasive treatments, customizing each session according to your individual skin type and concerns.

- **Laser Carbon Toning**

Also known as the "Hollywood Peel," Carbon Facials use a carbon-based lotion and laser technology to exfoliate, cleanse, and rejuvenate the skin. This treatment offers numerous benefits, including reduced pore size, improved skin tone and texture, and a brighter, more radiant complexion.

- **Laser Resurfacing**

This advanced treatment uses precision laser technology to remove the outer layers of skin, stimulating collagen production and encouraging the growth of new skin cells. Laser Resurfacing can address a variety of skin concerns, such as fine lines, wrinkles, acne scars, sun damage, and uneven skin tone, resulting in a smoother, more youthful appearance.

- **Q-Switch**

Q-Switch Laser treatments employ rapid, high-intensity pulses of laser energy to target and break down pigmented lesions, such as age spots, freckles, and tattoo ink. This innovative technology offers a safe and effective solution for hyperpigmentation, resulting in a more even and flawless complexion.

Face Lab Cryo Facial

Cryo Facials at Elixir Wellness leverages the power of controlled cold temperatures to address various skin concerns and rejuvenate your complexion.

Cryo Facials at Elixir Wellness offer numerous benefits for skin health, appearance, and rejuvenation, including:

- Customized treatments for a wide range of skin concerns
- Improved skin tone, texture, and elasticity
- Reduction of fine lines, wrinkles, and visible signs of aging
- Targeted solutions for acne, inflammation, and redness
- Enhanced blood circulation and collagen production for a firmer, more youthful appearance
- Instant tightening and brightening of the skin for a radiant glow
- A soothing and invigorating experience with minimal downtime

Face Lab Hifu

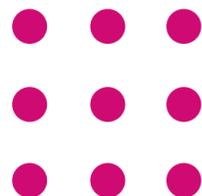

- ● ● High-Intensity Focused Ultrasound (HIFU) treatments at Elixir Wellness are a groundbreaking and non-invasive approach to skin tightening and rejuvenation that harnesses the power of ultrasound technology. Our expert estheticians utilize the HIFU equipment to deliver safe, effective, and precise treatments tailored to your individual skin type and concerns.

HIFU treatments at Elixir Wellness offer numerous benefits for skin health, appearance, and rejuvenation, including:

- Customized treatments for targeted skin tightening and lifting
- Improved skin tone, texture, and elasticity
- Reduction of fine lines, wrinkles, and visible signs of aging
- Non-surgical alternative to facelifts and other invasive procedures
- Enhanced collagen production for a firmer, more youthful appearance
- Precise application for optimal results and minimal side effects
- Minimal downtime and long-lasting effects

Face Lab Radio Frequency

Radio Frequency (RF) treatments at Elixir Wellness are an innovative and non-invasive approach to skin tightening and rejuvenation that harnesses the power of radiofrequency energy.

Radio Frequency treatments at Elixir Wellness offer numerous benefits for skin health, appearance, and rejuvenation, including:

- Customized treatments for targeted skin tightening and contouring
- Improved skin tone, texture, and elasticity
- Reduction of fine lines, wrinkles, and visible signs of aging
- Non-surgical alternative to more invasive procedures
- Enhanced collagen production for a firmer, more youthful appearance
- Gentle and relaxing application with minimal discomfort
- Minimal downtime and lasting results

Face Lab MNRF

MNRF treatments at Elixir Wellness offer numerous benefits for skin health, appearance, and rejuvenation, including:

- Customized treatments for targeted skin improvement and revitalization
- Improved skin tone, texture, and elasticity
- Reduction of fine lines, wrinkles, and visible signs of aging
- Enhanced collagen and elastin production for a firmer, more youthful appearance
- Minimized scars, acne, and other skin imperfections
- Precise and controlled application for optimal results and minimal side effects
- Minimal downtime and lasting effects

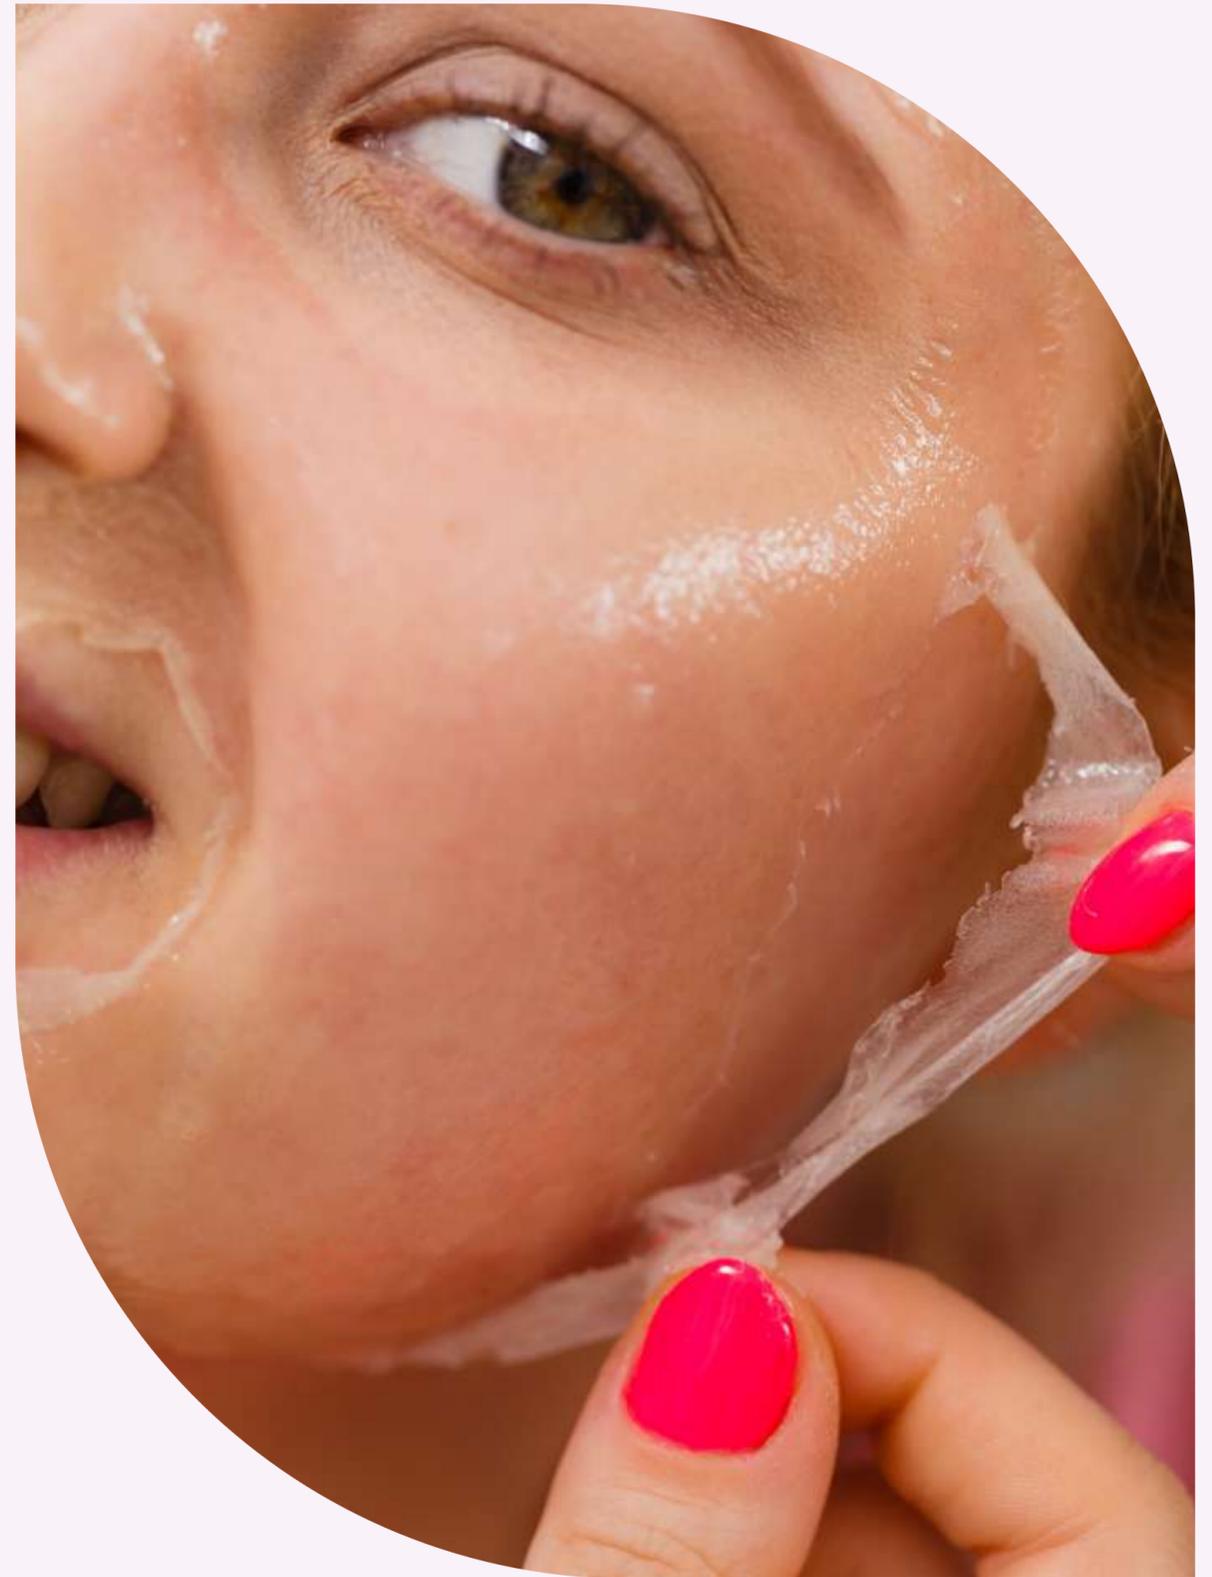

Micro-Needling Radio Frequency treatments at Elixir Wellness are an advanced approach to skincare, addressing various skin concerns and enhancing the health and beauty of your complexion.

Face Lab Peels

Medical Peels at our Aesthetic Clinic are our innovative skincare solutions to rejuvenate and revitalize your skin.

- The Medical Peels at our Aesthetics Lab offer an extensive selection of benefits, including:
- Exfoliation & Skin Resurfacing
- Reduction of Fine Lines & Wrinkles
- Improved Skin Tone & Texture
- Enhanced Collagen Production
- Treatment of Acne & Acne Scars
- Minimization of Hyperpigmentation & Sun Damage
- Revitalization of Dull or Aging Skin

Face Lab Mesotherapy

Mesotherapy treatments at Elixir Wellness offer numerous benefits for skin health, appearance, and rejuvenation, including:

- Enhanced hydration
- Nutrient supplementation
- Stimulation of collagen synthesis
- Attenuation of fine lines and wrinkles
- Treatment of diverse skin conditions
- Augmented skin luminosity

Mesotherapy is a minimally invasive dermatological procedure involving the intradermal injection of a tailored mixture of vitamins, minerals, amino acids, and other biologically active substances into the mesoderm layer of the skin. This treatment aims to rejuvenate, nourish, and hydrate the skin while addressing various cutaneous concerns.

Face Lab *i*njectables

- ● ● With Injectables at Elixir Wellness, discover the advantages to facial rejuvenation, addressing various signs of aging and enhancing the natural beauty of your face. Unlock your full aesthetic potential, optimize your facial health, and embrace a renewed sense of confidence with injectables, tailored to support your unique needs and help you achieve your beauty and wellness goals.

At Elixir Wellness, we utilize Botox and Fillers to address a variety of facial concerns and conditions, such as:

- Forehead lines, crow's feet, and frown lines
- Smile lines, marionette lines, and nasolabial folds
- Loss of facial volume and definition
- Thin lips and lip enhancement
- Enhancing cheekbones and jawline
- Smoothing out chin dimples and wrinkles
- Personalized aesthetic goals and rejuvenation

Face Lab Stem Cell Therapy

Stem Cell Therapy and Proprietary Growth Factors at Elixir Wellness is an approach to facial rejuvenation that harnesses the regenerative power of your body's own cells.

Face PRP with Stem Cell Therapy and Proprietary Growth Factors at Elixir Wellness offers numerous benefits for facial health, appearance, and rejuvenation, including:

- Customized treatments for targeted improvement and revitalization
- Enhanced skin tone, texture, and elasticity
- Reduction of fine lines, wrinkles, and visible signs of aging
- Accelerated cellular regeneration and repair
- Boosted collagen and elastin production for a firmer, more youthful appearance
- Utilization of your body's own regenerative properties for natural-looking results
- Minimal downtime and lasting effects

Face Lab Photobiomodulation

Photobiomodulation for Face at Elixir Wellness is an advanced approach to facial rejuvenation, addressing various signs of aging and enhancing the natural beauty of your face. Unlock your full aesthetic potential, optimize your facial health, and embrace a renewed sense of confidence with Photobiomodulation, tailored to support your unique needs and help you achieve your beauty and wellness goals.

Photobiomodulation for Face at Elixir Wellness offers numerous benefits for facial health, appearance, and rejuvenation, including:

- Reduction of fine lines, wrinkles, and visible signs of aging
- Enhanced skin tone, texture, and elasticity
- Improved cellular function and accelerated repair
- Boosted collagen and elastin production for a firmer, more youthful appearance
- Gentle, relaxing, and pain-free treatment with no downtime
- Cumulative benefits and lasting effects with regular sessions

Face Lab Hyperbaric Oxygen

At Elixir Wellness, we understand the value of radiant, youthful skin and are committed to providing innovative treatments that deliver exceptional results. Our Hyperbaric Oxygen Therapy (HBOT) for face and skin is a cutting-edge solution that promotes overall skin health, rejuvenation, and a more vibrant appearance.

Hyperbaric Oxygen Therapy involves breathing pure oxygen in a pressurized chamber, allowing higher levels of oxygen to be absorbed by the body's tissues. This increased oxygen supply aids in cellular regeneration, collagen production, and the overall healing process, making it an effective treatment for various skin concerns.

Benefits of HBOT for face and skin include:

- 1 Enhanced Collagen Production:**
The increased oxygen levels stimulate collagen synthesis, which helps improve skin elasticity, reduce the appearance of fine lines and wrinkles, and maintain a more youthful complexion.
- 2 Accelerated Healing**
HBOT promotes faster healing of the skin by encouraging cellular regeneration and improving blood circulation. This is particularly beneficial for treating acne scars, surgical wounds, or other skin injuries.
- 3 Reduced Inflammation**
By increasing oxygen delivery to the skin tissues, HBOT helps reduce inflammation and redness, resulting in a clearer and more even complexion.
- 4 Improved Skin Tone and Texture**
The rejuvenating effects of HBOT contribute to an overall improvement in skin tone and texture, leaving your skin looking more radiant and healthy.
- 5 Enhanced Nutrient Delivery**
The increased blood flow during HBOT ensures that essential nutrients are delivered more efficiently to the skin cells, promoting optimal skin health and function.
- 6 Reduces Hot Flashes and Menopausal Symptoms**
A recent study proved the advantages of how HBOT helps reduce hot flashes and menopausal symptoms, and how beneficial it is for women across the globe.

Face Lab Surgical Excision

At Elixir Wellness, we recognize the importance of healthy, flawless skin in boosting your confidence and overall well-being.

Our expert practitioners offer safe and effective surgical excision treatments for various skin concerns, including cysts, warts, and skin tags.

We use local anesthesia to ensure maximum patient comfort during these surgical procedures. Our priority is to provide customized treatment plans tailored to your unique needs and concerns. Our comprehensive surgical excision services aim to restore your skin's natural beauty and help you feel more confident in your appearance.

Anti-Ageing

Anti-*i*-Ageing Lab Protocols

Introducing the Elixir Revitalizing Program, a groundbreaking approach to age-defying wellness and aesthetics that combines our proprietary Hyperbaric Oxygen Therapy (HBOT), stem cell therapy, personalized nutritional coaching, Infrared sauna, Whole body Cryotherapy and state-of-the-art aesthetic treatments, all optimized using advanced data analytics tools.

**Comprehensive
Consultation**

**Genetic Testing
Telomere
Chromosome**

**Therapies
Hyperbaric Oxygen
Other Wellness
Services**

At Elixir Wellness, we understand that everyone ages differently, which is why our Revitalizing Program is tailored to your body's specific needs. By taking a personalized approach, we ensure that you experience optimal benefits, leaving you feeling sharper, more potent, revitalized, and ready to excel in all areas of life.

At ELIXIR, telomere testing is a part of our comprehensive wellness services. Our mission is to empower our clients with personalized insights into their health, paving the way for a proactive approach to aging and overall well-being.

Our telomere testing service allows you to gain valuable information about your cellular age, which can play a crucial role in understanding your body's aging process.

By measuring the length of your telomeres, our expert team can provide you with a unique snapshot of your biological age, allowing you to make informed decisions about your lifestyle and health management strategies.

Anti-*i*-Ageing Lab Protocols

Genetic Testing

Telomere Chromosome

Anti-*i*-Ageing Lab Protocols

Hyperbaric oxygen therapy (HBOT) is a medical treatment that involves breathing pure oxygen in a pressurized chamber.

HBOT involves the inhalation of 100% oxygen at a pressure greater than atmospheric pressure. This high-pressure environment allows more oxygen to dissolve in the blood plasma, resulting in increased oxygen delivery to cells, tissues, and organs. The enhanced oxygen availability promotes healing, reduces inflammation, and stimulates cellular repair and regeneration.

Anti-*i*-Ageing Lab Protocols

HBOT And Telomeres

Telomeres are the protective caps at the ends of chromosomes that shorten as cells divide, which is associated with aging and age-related diseases. The enzyme telomerase is responsible for maintaining and lengthening telomeres, thereby potentially delaying aging and extending the lifespan.

HBOT therapy has a positive effect on telomere length by stimulating the production of telomerase. The increased oxygen availability during HBOT sessions promotes cellular repair and reduce oxidative stress, both of which contribute to telomere shortening. Additionally, HBOT helps in activate genes responsible for telomere maintenance and improve overall cellular function, contributing to telomere lengthening and potential anti-aging effects.

Benefits of HBOT for Anti-Aging:

- 1 Enhanced oxygen delivery**

HBOT increases the amount of oxygen delivered to the tissues, promoting cell regeneration and growth. This can potentially slow down the aging process and improve overall health.
- 2 Reduced inflammation**

HBOT has been shown to have anti-inflammatory effects, which can help reduce chronic inflammation that contributes to the aging process.
- 3 Increased stem cell production**

HBOT has been found to stimulate the production of stem cells, which play a key role in tissue repair and regeneration.
- 4 Improved mitochondrial function**

The increased oxygen supply during HBOT can enhance mitochondrial function, leading to increased energy production and reduced oxidative stress, both of which are beneficial for anti-aging.

Anti-*i*-Ageing Lab Protocols Benefi*t*s

Experience the transformative power of the Elixir Revitalizing Program and discover how this innovative approach can help you defy the aging process, unlock your full potential, and embrace a more youthful, vibrant version of yourself.

Key benefits of the Elixir Revitalizing Program include:

- 1 Enhanced cognitive function**
Our customized cognitive training program helps improve memory, focus, and overall mental clarity, ensuring that your mind stays sharp and agile.
- 2 Improved physical performance**
Our tailored physical training regimen is designed to boost strength, flexibility, and endurance, promoting a more youthful and energetic lifestyle.
- 3 Telomere lengthening**
HBOT has been found to stimulate cellular regeneration and the lengthening of telomeres, which are essential for maintaining youthful cellular function and delaying the aging process. Our proprietary HBOT sessions promote cellular regeneration and the lengthening of telomeres, which are essential for maintaining youthful cellular function and delaying the aging process. HBOT stimulates the production of stem cells, which play a key role in tissue repair and regeneration.
- 4 Aesthetic enhancements**
Our state-of-the-art aesthetic treatments, including advanced skin rejuvenation therapies and cutting-edge facial treatments, help you achieve a more youthful and radiant appearance, boosting your confidence and overall well-being.
- 5 Comprehensive wellness**
By addressing the needs of your mind, body, and appearance, our Elixir Revitalizing Program offers a comprehensive solution to rejuvenation and overall wellness.
